CORPORATE PROFILE

ONE-STOP SOLUTION TO ALL YOUR "ECO-NEEDS"

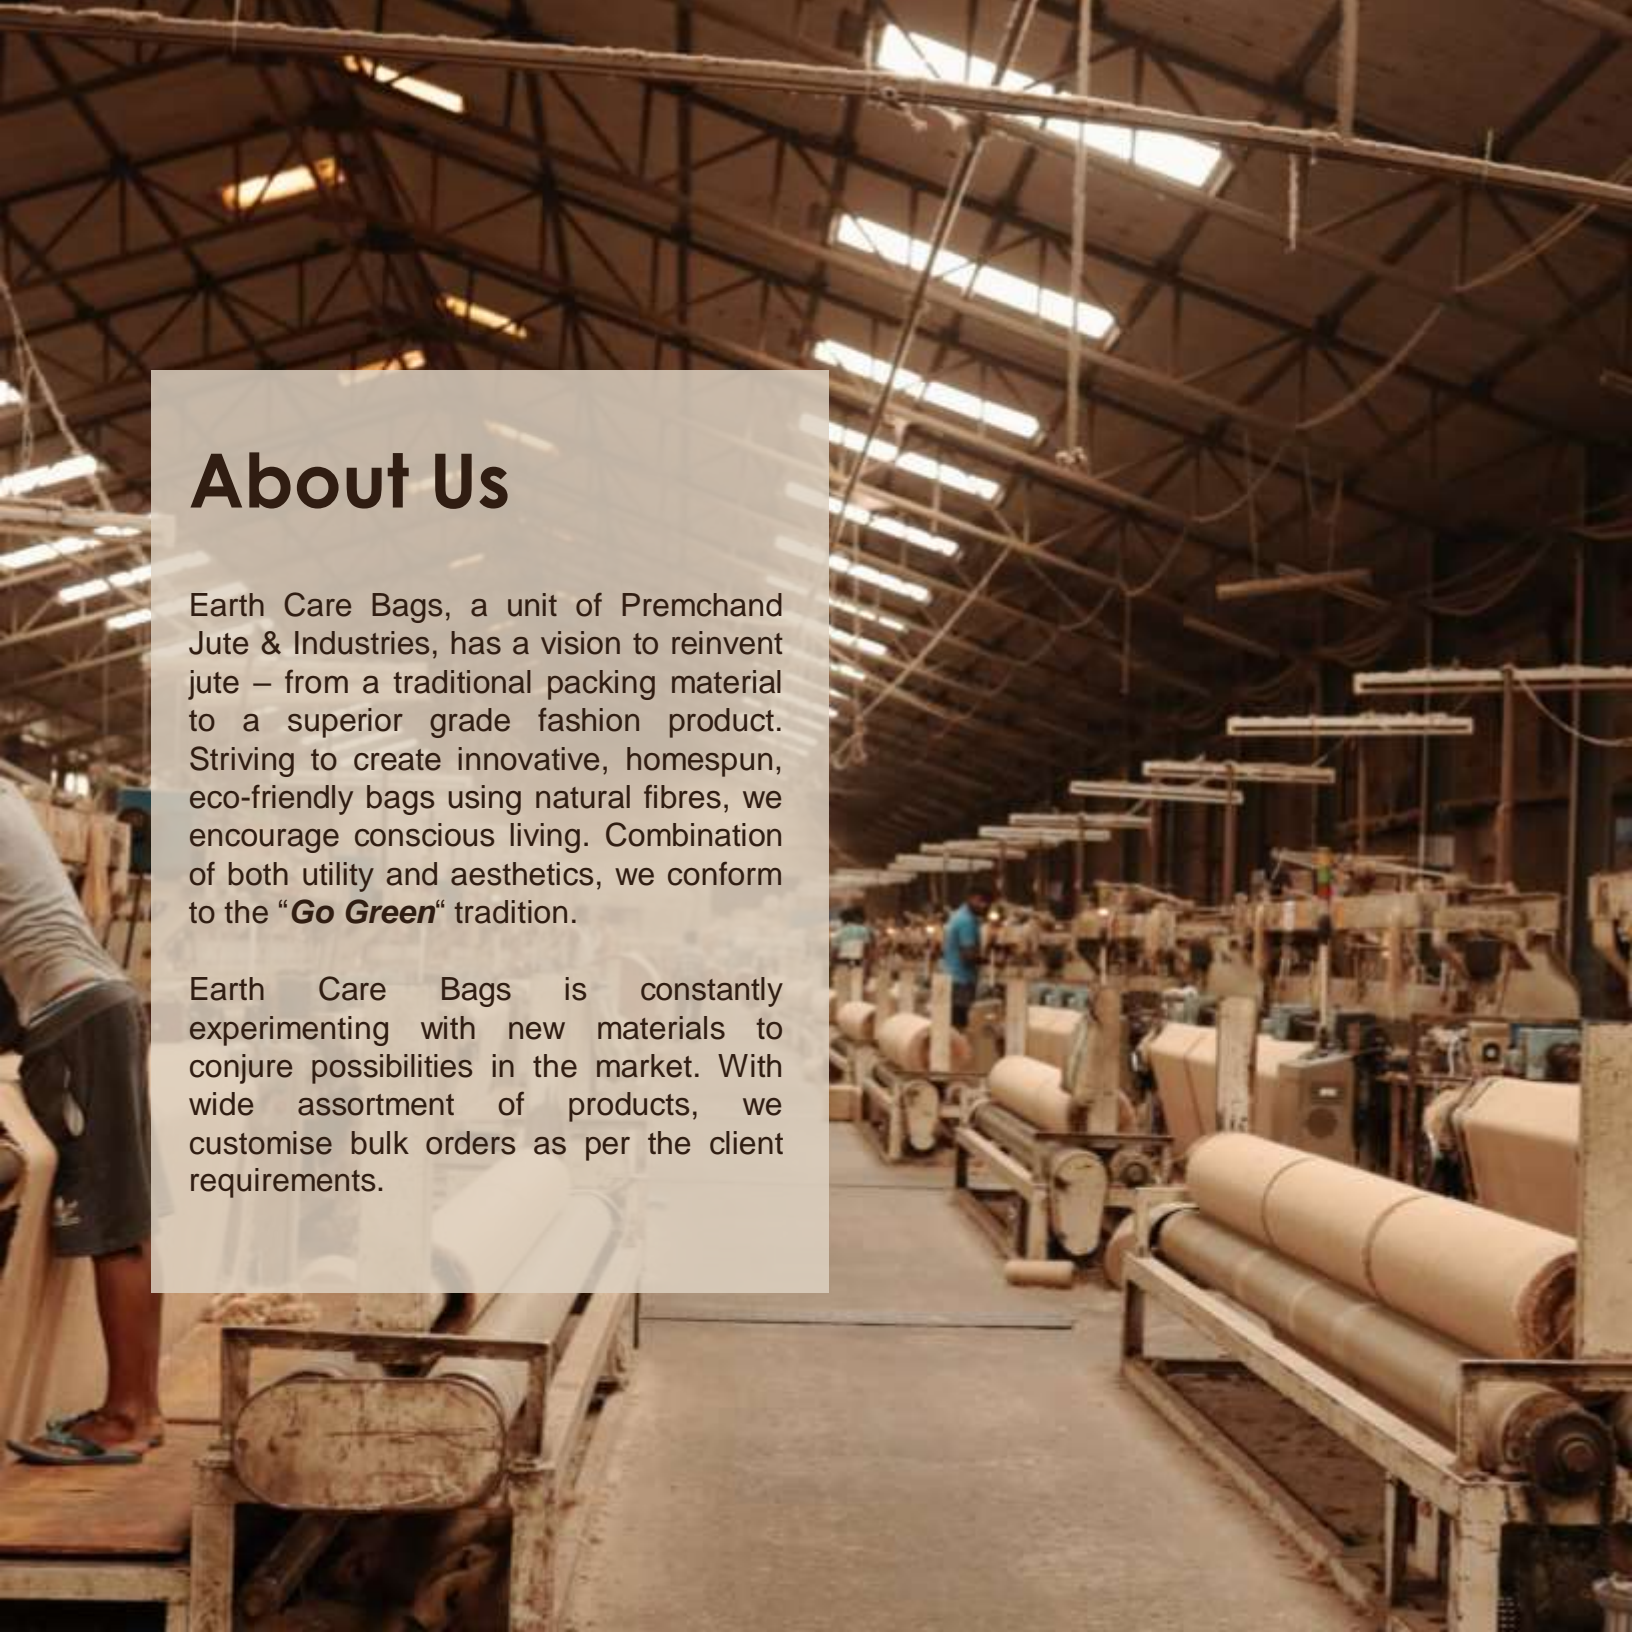

One bag can create all the difference, go green fashionably.

About Us

Earth Care Bags, a unit of Premchand Jute & Industries, has a vision to reinvent jute – from a traditional packing material to a superior grade fashion product. Striving to create innovative, homespun, eco-friendly bags using natural fibres, we encourage conscious living. Combination of both utility and aesthetics, we conform to the “**Go Green**” tradition.

Earth Care Bags is constantly experimenting with new materials to conjure possibilities in the market. With wide assortment of products, we customise bulk orders as per the client requirements.

Our Fabric

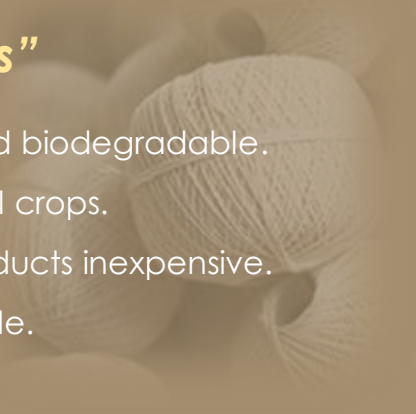

Jute – a “Golden Fiber”

- ✓ One of the longest and most used natural fibre.
- ✓ The fibre is light, soft to the touch, and have a yellowish-brown colour with a golden shine.
- ✓ It is 100% biodegradable
- ✓ most affordable eco-friendly fibre on the market at the moment.

Cotton – “Fabric of our lives”

- ✓ a natural fiber which is renewable and biodegradable.
- ✓ one of the world's leading agricultural crops.
- ✓ It is available in plenty, making its products inexpensive.
- ✓ It is soft and the most breathable textile.

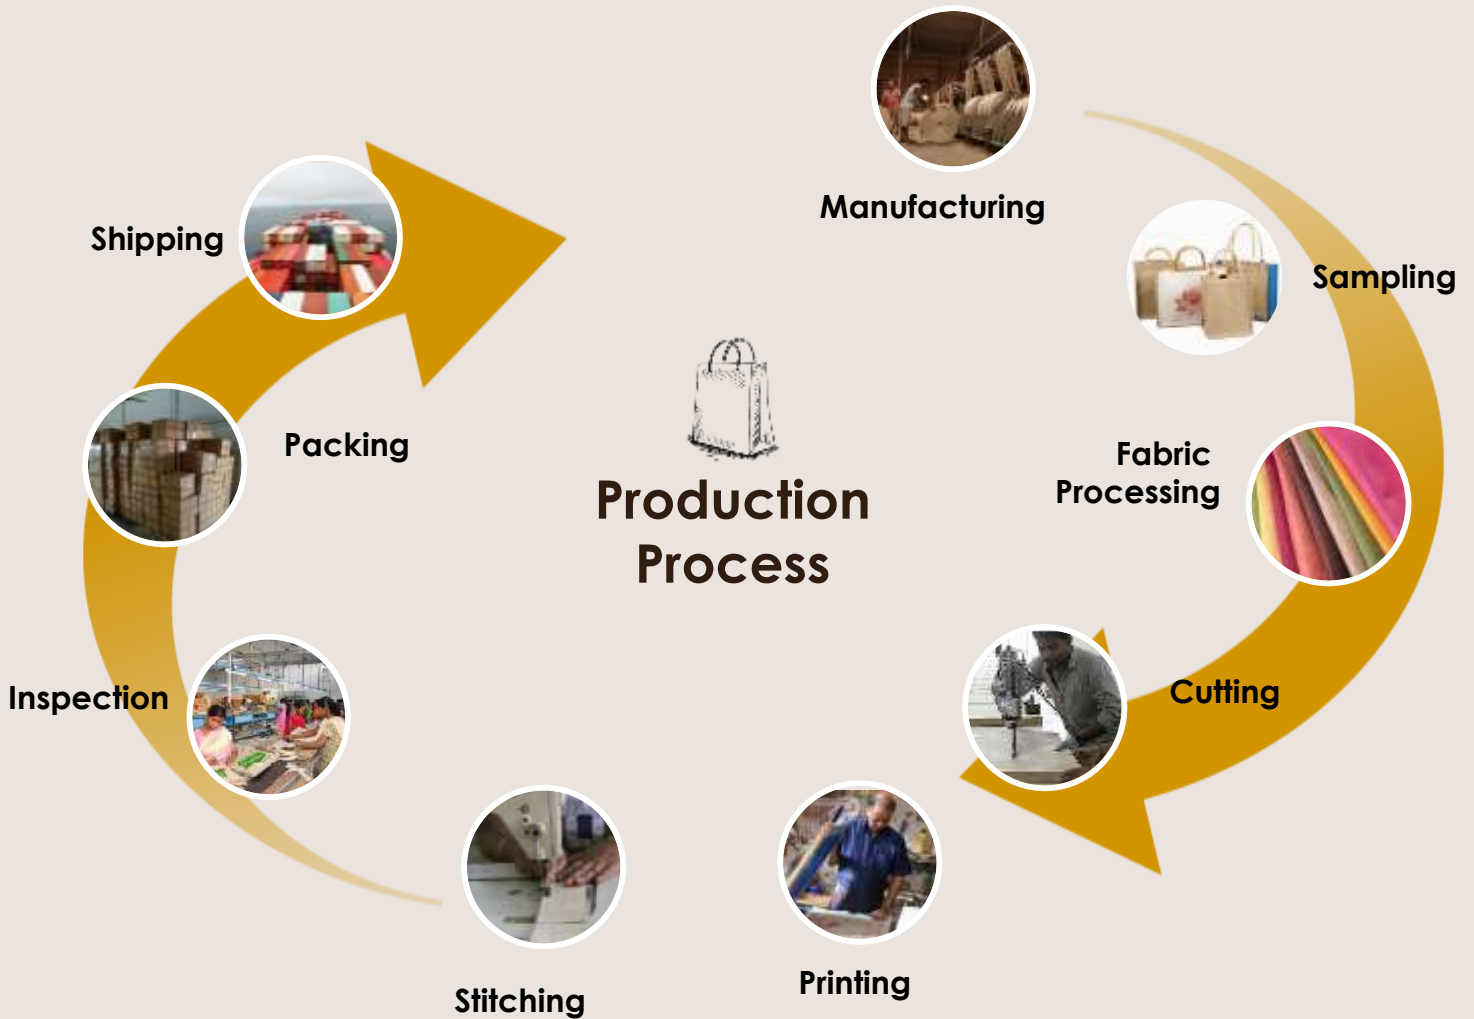

Juco – a “popular eco-fabric”

- ✓ A fine blend of both jute (75%) and cotton (25%).
- ✓ Taking the most beneficial properties of both fabrics, it offers a finer weave.
- ✓ The fabric is smooth to touch and has a longer lifespan.
- ✓ Environment- friendly in nature.
